

February 15, 2011

Randy Collins
Director
Hunter College Campus Schools
71 E. 94th Street
New York, NY 10128

Dear Dr. Collins:

This letter is you inform you that your correspondence of January 6, 2011 has been received and considered by our office. We appreciate your timely response to the Monitoring Issue identified in the December 1, 2010 Official Notice of Accreditation.

Monitoring Issue #1:

By May 1, 2011, the school will provide evidence that it has secured a high school principal who supports and facilitates the attainment of the Hunter College Campus Schools' mission and objectives as well as provides stability to the high school division.

Your explanation for the decision to appoint Dr. Tony Fisher as the Acting Principal for the school years of 2010-2011 and 2011-2012 to ensure a seamless transition following the departure of Dr. Eileen Coppola appears to be sound. His proven strong leadership should serve the school well as you conduct a national search for the position of high school principal in the 2011-2012 school year. It is my conclusion that you have addressed the concern of the Monitoring Issue for the short term.

However, in order to address overall stability of leadership in the high school, we will need to know the outcome of the national search. As a result, we are asking you to provide an update report on the high school leadership as follows.

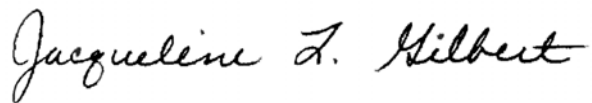

Monitoring Issue #1 (amended):

The school will provide evidence in the Mid-Term report or during the Mid-Term visit if one is required that a high school principal has been appointed who supports and facilitates the attainment of the Hunter College Campus Schools' mission and objectives as well as provides stability to the high school division.

Please do not hesitate to contact me if you have any questions or concerns.

We wish you the best for continued success in the leadership of the school.

Best regards,

A handwritten signature in black ink that reads "Jacqueline A. Gilbert". The signature is written in a cursive, flowing style.
