Please use the space below or a separate sheet of paper to provide any information that you think might be helpful as I begin to work with your son or daughter in the college admissions process. This information will help me get to know your child better and will provide valuable knowledge for the counselor recommendation letter. Tell me what you think I don't know already. Feel free to ignore these guidelines, but if you need help getting started, please *consider the following questions:*

- What do you most appreciate/love/admire about your child? Please give examples and anecdotes that illustrate your feelings.
- How would you describe your child's personality?
- What are his or her strengths and weaknesses?
- What do you believe to be your child's most outstanding accomplishments during the last several years?
- In what areas has your child shown the most significant development and growth during that time?
- How has your child responded to the academic, extracurricular and social life of the Hunter community?
- Are there any unusual challenges or circumstances that have affected your child's educational or personal experiences?
- What kind of college environment would provide the best "fit" for your child?

Please email your child's counselor your completed typed responses.
