This July, the Hunter College Campus Schools will again provide a unique opportunity to gifted students from all over to meet, make friends, study together and have fun.

SCHEDULE The Hunter College Campus Schools Summer Enrichment Program for the Gifted will again offer an exciting three course series to gifted students currently in grades K-6. We will begin on Tuesday July 5th and meet Mondays through Thursdays from 9:00 AM to 2:30 PM and end on Thursday July 28th. **Parents must provide transportation to and from the Campus Schools.**

PHILOSOPHY The program is designed to serve the particular interests, strengths, and curiosity of the gifted and individual attention is given to each student. Courses are taught by certified teachers and geared toward each student's interests and rate of progress in a challenging and rewarding but relaxed atmosphere.

CURRICULUM Course work is diverse, interesting and appropriate to age level. Each student is programmed to take three courses daily: writing, sciences, and arts.

REGISTRATION AND TUITION The fee for the program is a modest \$925 and includes all supplies as well as lunch. Full payment is due with registration form. Early registration is advised as class size is limited and all registration is on a first-come, first-serve basis. Please send \$925 immediately to better your child's chance of admission. **No partial payments will be accepted (\$250 of Tuition is the non-refundable fee, should you withdraw your child). No registration form will be accepted without a check.** Some scholarship aid, based on economic aid, is available. To apply for aid, fill out our registration form and send registration fee of \$450, statement of yearly income and number of family members and proof thereof (copy of tax returns and any other source of income). **We urge you to apply early as we anticipate early closing again this year and have many more applicants than seats.**
